

Nine cards, one skeleton

Five species to dig up

On your turn, do one

1 Excavate
Play a run or set of cards that sit side by side in your hand. Beat the find on a site and it's yours.

2 Or poach
Take an end card off a rival's find. Send them one of yours.

3 Go out
Empty your hand to end the season. Sites score 1, then 2, then 4.

DIGGERS

Shedding lane battler · 2-4 players · 15-20 min

OUTDIG THE CAMP NEXT DOOR. POACH THE BONES YOU NEED.

Race to empty your hand, but when anyone goes out, only the dig sites you hold score. Take a site with a better run or set, played from a hand you can never rearrange.

For fans of Scout *and* Schotten Totten.

A two-player season: three dig sites between the camps. They hold two, you hold one.

Lanes for up to four

A site between every pair of neighbors, so it plays as a duel or a four-way ring.

A race with teeth

Going out ends the season for everyone, locking in the sites you hold.

Every poach is a trade

Take their bone, then hand them one of yours. Pick the one that hurts.

2–4 players

15–20 minutes, three seasons

45 cards, 4 boards, tuck box

Ready now: rules, print-and-play, and a browser demo.
