

## Nine cards, one skeleton

*Five species to dig up*

### On your turn, do one

**1 Excavate**
Play a run or set of cards that sit side by side in your hand. Beat the find on a site and it's yours.

**2 Or poach**
Take an end card off a rival's find. Send them one of yours.

**3 Go out**
Empty your hand to end the season. Sites score 1, then 2, then 4.

# DIGGERS

Shedding lane battler · 2-4 players · 15-20 min

## OUTDIG THE CAMP NEXT DOOR. POACH THE BONES YOU NEED.

Race to empty your hand, but when anyone goes out, only the dig sites you hold score. Take a site with a better run or set, played from a hand you can never rearrange.

*For fans of* Scout *and* Schotten Totten.

A two-player season: three dig sites between the camps. They hold two, you hold one.

### Lanes for up to four

A site between every pair of neighbors, so it plays as a duel or a four-way ring.

### A race with teeth

Going out ends the season for everyone, locking in the sites you hold.

### Every poach is a trade

Take their bone, then hand them one of yours. Pick the one that hurts.

**2–4** players

**15–20** minutes, three seasons

**45** cards, 4 site boards

**Ready now:** rules, print-and-play, and a browser demo.
