Un, Deux, Trois, Cat!

DEXTERITY · 2–6 PLAYERS · 10 MIN · $20–30

A dexterity game where you grab cat toys.

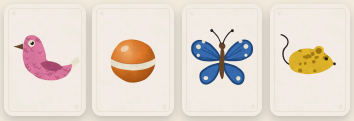

Players chant “un, deux, trois, cat!” and flip their top cards together. Each card shows one of five toys, usually in another toy’s color. If any card shows a toy in its own color, grab that toy from the middle of the table. If none does, grab the cat. The answer comes from every card on the table at once, so nobody knows it until the cards land. Some rounds have two right answers, and the fastest player can take both.

For fans of **Ghost Blitz** and **Taco Cat Goat Cheese Pizza**

Optional Cat Paw edition. For a sillier, mass-market box, every player gets a cat paw on a stick and bats the toys to themselves. No hands allowed.

Un, deux, trois…

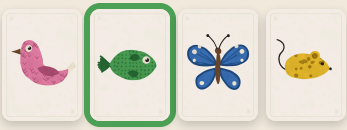

Everyone flips. Pink bird, orange ball, blue butterfly, yellow mouse: **no toy is in its own color.**

…Cat!

Everyone grabs for the cat. The first player to get it scores a point.

Next round

The **green fish** is in its own color, so the fish is the grab. The first player to get it scores a point.
